02. Key highlights

KEY HIGHLIGHTS: THE LAUNCH OF BANCO CTT TO THE PUBLIC WAS THE LANDMARK EVENT OF 2016

BANCO CTT & FINANCIAL SERVICES

Banco CTT opened to the public in 51 CTT post offices, closing the year with 202 branches countrywide, 105 thousand clients, more than 74 thousand current accounts & more than €250m in customer deposits

Another strong year for savings placements (€3.8 billion of savings were captured), with revenues from the placement of public debt posting 6.3% growth vis-à-vis 2015

MAIL

The decline of addressed mail volumes stood at -4.2%, within the [-3% to -5%] guidance range; the average change of the prices of the Universal Service versus the previous year was +1.1%

Relevant decrease in registered mail usage by the Government and the Public Administration (the Tax Authority in particular) with c.€10m impact on revenues

EXPRESS & PARCELS

Revenues in Spain decreased due to a 12.3% drop in volumes as a result of the strategy implemented in 1Q16, namely the contract terminations of 2 unprofitable for Tourline large clients

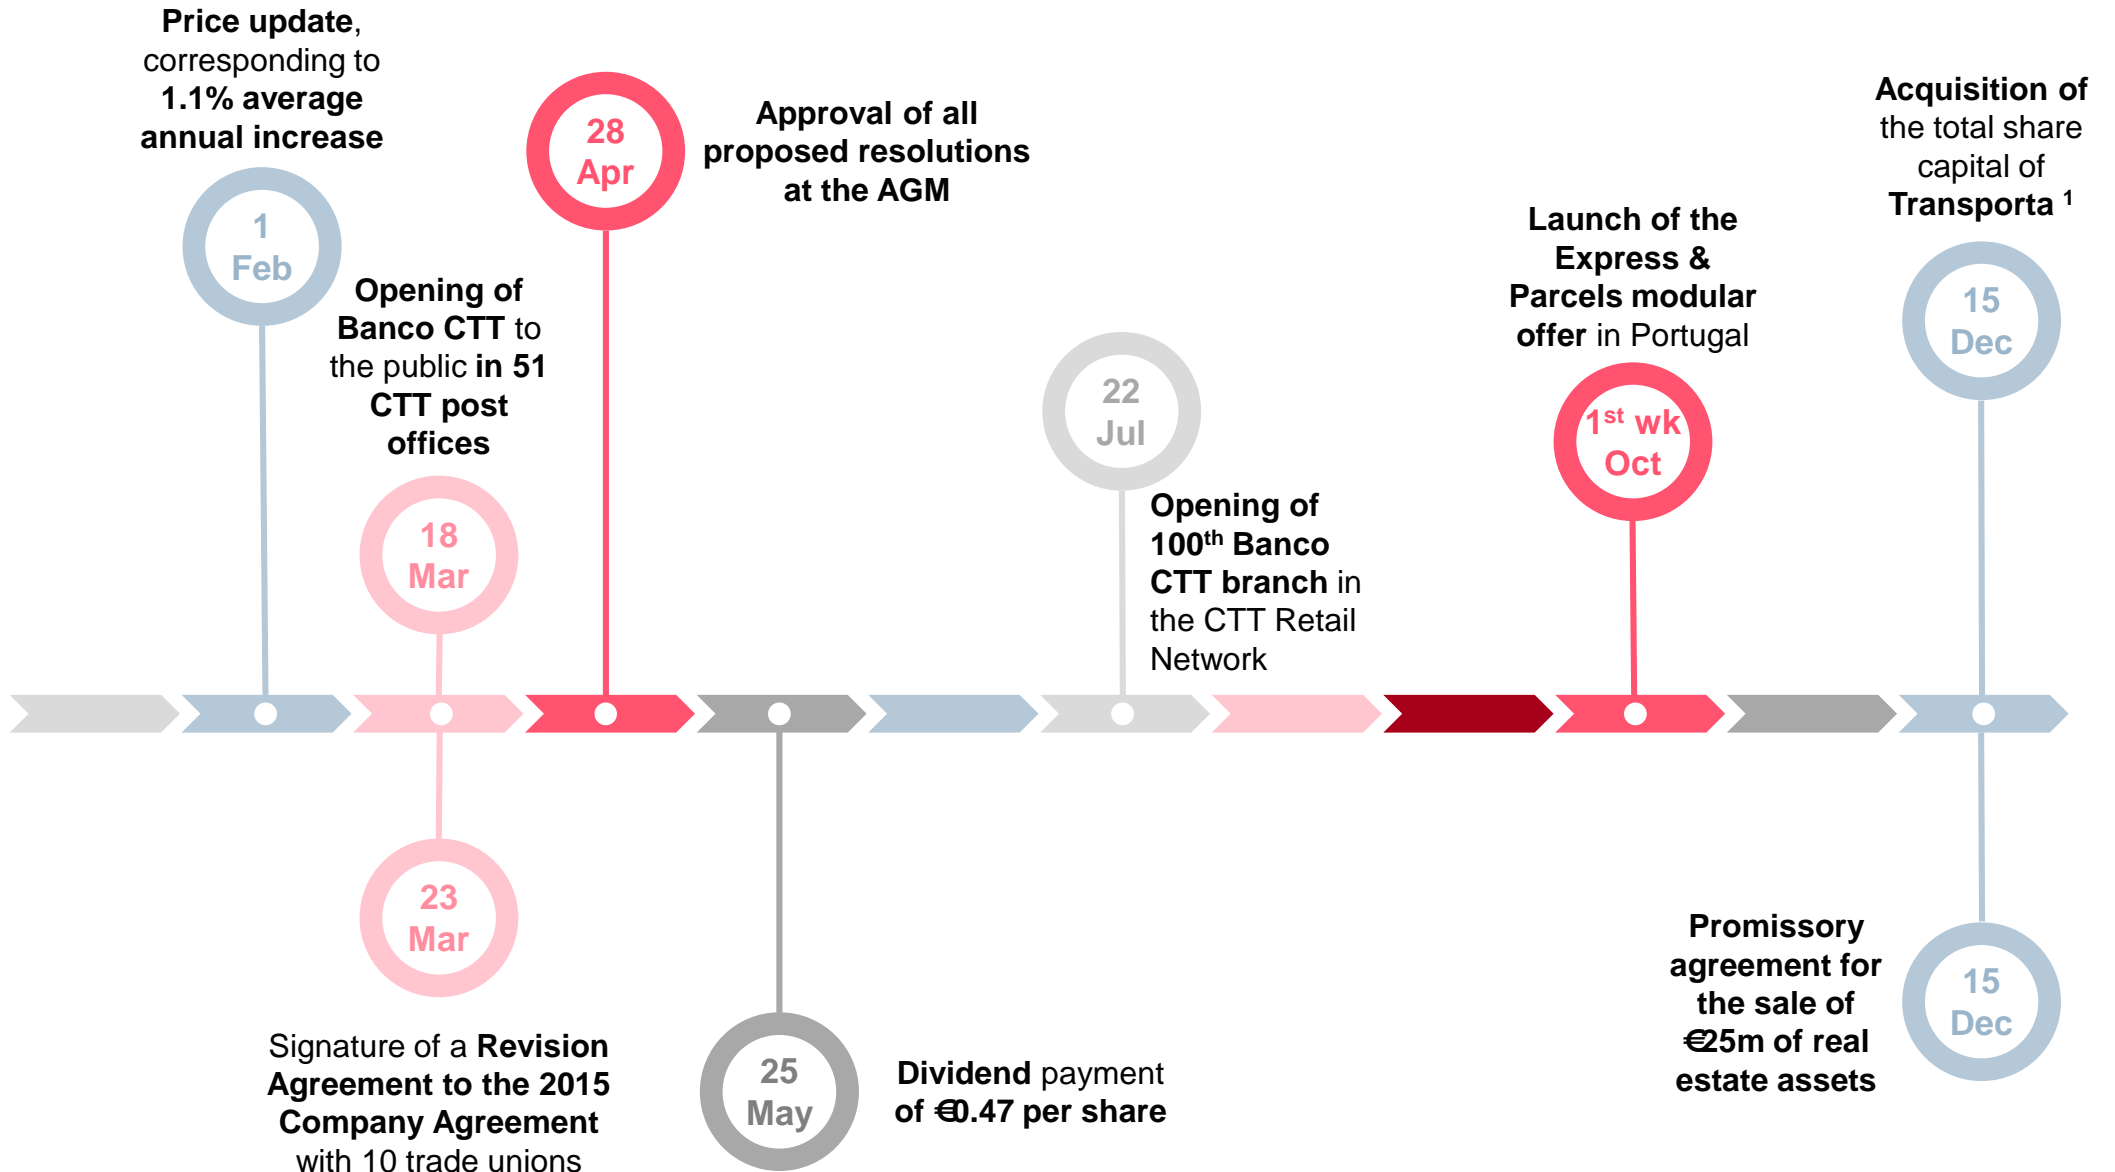

Various commercial and marketing initiatives carried out in Portugal with small impact on revenues in 2016, although with signs of recovery in the last 3 months of the year (volumes growth of 8.6%)

COSTS & EARNINGS

Focus on efficiency improvements was maintained, allowing for 4.1% reduction in the recurring operating costs excluding Banco CTT, compensating more than two-thirds of the revenues decline

As expected, the recurring EBITDA was impacted by the recurring costs with the Banco CTT project still at its launch stage and with no relevant revenues; excluding these costs it declined 6.3%

KEY HIGHLIGHTS: IMPORTANT 2016 MILESTONES

¹ It was subject to Competition Authority approval in 2017, therefore, not consolidated in the 2016 accounts.

KEY HIGHLIGHTS: WEAKER THAN EXPECTED REVENUES PERFORMANCE AND THE LAUNCH OF BANCO CTT IMPACTED THE 2016 RESULTS

KEY HIGHLIGHTS: UNEXPECTED REVENUES DECLINE IN WHAT IS TRADITIONALLY A STRONG 4th QUARTER WITH RELEVANT IMPACT ON EBITDA

4Q16 financial and operational performance

Financial indicators:	Including Banco CTT			Excluding Banco CTT ¹

Reported net profit	21.4	16.1	-24.8%	24.6	23.0	-6.8%

- **The decline of addressed mail volumes stood at -7.2% in 4Q16, causing Mail revenues to decrease 5.6%** as a result of higher than anticipated impact of the 3 less working days in the same period (reinstatement of national holidays) and reduced consumption of large and medium business customers, due to both the normal effect of e-substitution and changes in the consumption profile
- **E&P revenues decline of -7.1% (mainly influenced by the delayed launches of both the new modular offer in Portugal and the Amazon contract in Spain) offset the solid FS revenues performance.** Notable was the **56.1% Savings & Insurance revenues increase in 4Q16**, resulting in close to flat revenues in this product line for the full year, as expected
- **Revenues generation initiatives** in Mail (e.g. new advertising mail offer), Financial Services (e.g. payments), Banco CTT (e.g. consumer credit & mortgage offers), and Express & Parcels (e.g. modular offer) **now all underway, but with no real impact in 4Q16**

¹ Excluding Banco CTT revenues and costs booked in Banco CTT, FS and Mail and other business units.

Revenues breakdown

- **Mail revenues declined due to strong mix effect** (registered mail decline impact of circa €10m, primarily centred in 9M16) and **4.2% decline in addressed mail volumes**, partially offset by 1.1% average price increase in the year
- **E&P revenues were affected primarily by the restructuring process in Spain**, resulting in volumes (-12.3%) and revenues (-12.6%) decline in the region
- FS revenues were impacted by structural trends in payments & transfers, while **savings & insurance revenues recovered along the year to close almost flat, as expected**

¹ Including income related to CTT Central Structure and Intragroup Eliminations amounting to -€34.0m in 2015 and -€31.0m in 2016.

Operating costs breakdown

€ million

- **Staff costs declined primarily due to the remuneration policy with an emphasis on variable component (-€8.6m impact), decline in Tourline staff costs (-€2.9m), and reduction in the telephone subscription fee benefit (-€2.4m), partially offset by the increase in Banco CTT recurring staff costs (+€7.4m) and by the extension of the coverage of work accidents insurance to the “Caixa Geral de Aposentações” workers (+€1.3m)**
- **ES&S costs reduced by €1.4m, as efficiency measures fully absorbed the impact on those costs from the Banco CTT launch (+€9.5m vs. 2015); COGS decreased by €2.4m due to lower activity, namely in lottery and merchandising**

¹ Booked in Banco CTT business unit (€2.3m Staff costs and €2.4m ES&S and other costs) and in Mail business unit (€0.4m ES&S and other costs).

² Excluding Banco CTT recurring op. costs: €5.0m in 2015 (€4.7m booked in Banco CTT, €0.4m in Mail business unit) and €21.3m in 2016 (€21.8m booked in Banco CTT business unit, -€0.5m in Mail business unit).

³ Booked in Banco CTT business unit (€9.6m Staff costs and €12.2m ES&S and other costs) and in Mail business unit (-€0.5m Staff costs and €0.1m ES&S costs).
